WARD BOUNDARIES.

At a Town Council of the town of Newport, holden at Newport, May 23, 1853:

Whereas, By the 12th section of the City Charter, passed by the General Assembly of this State, at their May session, 1853, entitled "An Act for Incorporating the City of Newport," it makes it the duty of the Town Council of the Town of Newport, as soon as may be after the passage of said act, and the acceptance by the legally qualified voters therein, to divide said town into five wards, as in said section mentioned. And whereas, the said charter has been adopted as so provided, within the time named in said act, and in conformity thereto; therefore, be it ordained that —

The FIRST WARD shall be bounded by a line drawn from Gravelly Point along the south side of the Long Wharf, until it comes to the first house on the south side of said wharf; thence up the center of the wharf to the center of Thames street; thence north through the center of Thames to Farewell street; thence through the center of Farewell street to Long Lane, so-called; thence through the center of said lane in a straight line to the shore; thence continuing around the northern and western extremities of the town back to Gravelly Point, the place of beginning, including docks and wharves.

Lykens Valley and Lorberry Coal, free burning, at | **GARDINER B. REYNOLDS & CO.'S, Opposite Post Office.**

The SECOND WARD shall be bounded by a line from the shore along the line of the First Ward, running through the center of Long lane and Farewell street, and Thames street to the foot of the Parade; thence to the State House; thence around the south end of the State House to Broad street; through the center of Broad street to Bull street; up through the center of Bull street to Brindley street; through the center of Catherine street eastward in a straight line to the pond north of Easton's beach.

The THIRD WARD shall comprise all that part of the town, wharves and docks southward of the aforedescribed wards, and northward of a line from the dock, coming up on the south side of the Ferry Wharf Market, through the center of Market square; thence across Thames street, through center of Mill street, to East Touro street, formerly Bellevue street; across said East Touro street to the old Beach road; thence along the center of said road to Cottage street; thence north, along the easterly side of said Cottage street to the northwest corner of All Saints' Chapel; thence east, thence south to said old Beach road to Buena Vista street; thence through the center of Buena Vista street straight to the pond north of the beach.

The FOURTH WARD shall comprise all that part of the town south of the Third Ward, to a line drawn from the harbor through the center of Gidley street to Spring street; thence across Spring to the center of William street; thence through the center of William to East Touro street; thence through the center of East Touro street to Bath road; through the center of Bath road to Easton's beach (since altered so as to include All Saints' Chapel).

The FIFTH WARD shall comprise all the southern part of the town, wharves and docks, not contained in the other wards.

TO STRANGERS.

From six to eight months in the year many strangers may be found in Newport who are obliged to make their stay very brief, but who desire, during their visit, to see as much of the place as is possible, and to aid them in so doing, the publishers of the Directory append a few of the most attractive points of interest in and about the place, and how to reach them.

Leading off from Thames street — the principal thoroughfare — will be seen, from the head of the wharf where the boats of the Continental Steamboat Company stop, streets running parallel with Thames, viz: Spring street and Bellevue avenue, and once on the latter, enough will be seen to pay for the trouble of ascending the hill, which, however is not very steep. By going up the hill on Mill street, which is only a stone's throw for passengers via Providence and New York boats, and also from the only railroad depot in the place, visitors will pass Touro Park, which faces Bellevue avenue. In the park will be seen the Old Stone Mill, which always attracts a good deal of attention, and in front of it is the fine bronze statue of Commodore M. C. Perry, who negotiated the treaty between this country and Japan.

Birds and Cages and Requisites, at LUTHER'S, Daily News Block.

After resting a few moments on the benches beneath the shady trees, a visit should be paid to the Redwood Library on Bellevue avenue, a few rods northeast from the park. Continuing on the same thoroughfare a short distance, the Club House, Jewish Cemetery—a delightful spot—and the Jewish Synagogue may be seen. Retracing the few steps necessary to again reach the park, a stroll should be taken south or down the avenue. Just southeast of the park, say about a minute's walk, is the road leading to the bathing-beach, the attractions of which are well known, on the edge of the cliffs. At the beach is a neatly-gravelled walk, which extends for miles, and although the land is owned by the millionaires whose handsome "cottages" line the cliffs, you have a right to walk therein to your heart's delight, the city having a claim for this privilege. A walk along the cliffs will be found very interesting, and you will have a grand chance to take in the beautiful surroundings. You can, after your walk, reach Bellevue avenue at its extreme southern end, where you will find Burton's omnibuses, and for the sum of ten cents (children half price) you can take the ride to town, and have an excellent opportunity to take a front view of the many elegant villas which you passed on the cliffs, and you can also take in the magnificent view on the opposite side of the avenue. Should you desire to continue your walk, instead of taking the ride, you can keep along the rock-bound coast until you come to the Spouting Rock, which, however, is not always in its glory. The Ocean Drive is reached at this end of the city, but a walk around it, while it would be interesting, would not be desirable, but during the height of the season Burton's omnibuses leave Travers block, on Bellevue avenue, for the Ocean Drive, the price for which is but fifty cents.

On all the streets and avenues running from either side of Bellevue avenue are elegant residences, and a walk past them, under delightful shady trees, will not be devoid of interest. The hours when the avenue is generally thronged with all sorts of equipages is between 4 and 7 P. M., although at any hour of the day the stranger will see enough horse-flesh and costly turn-outs to warrant him taking a stroll down the avenue.

Fort Adams should be visited. Strangers are always welcome within its formidable walls. The ferry-boat "Jamestown" leaves Ferry wharf several times a day for the fort, the fare being ten cents each way. This is by far the cheapest way to visit the

Buy the MARTHA'S VINEYARD, NEW BEDFORD AND NANTUCKET. [With Maps of the Cottage City and the two Islands.] Price, 30 cents. J. A. & R. A. REID, Publishers.

second fortress in the country. Should you desire to take a sail and then reach the fort, you can do so for a moderate sum by engaging passage in one of the many sail-boats which are always ready to "push off" with one or more passengers. Tuesday and Friday afternoons the excellent military band at the fort gives free concerts. They commence at 5 P. M., and last about two hours. Hundreds avail themselves of the privilege of making a visit to the fort, where, on an excellent promenade, they can see and hear everything.

Block Island and Narragansett Pier are readily reached by sailing and steam packets.

A sail up and down the bay, as well as a run out as far as the light-ship, if you are not afraid of being sea-sick, will be a very pleasant trip, and one which can be enjoyed for $1.00 per hour, with an excellent captain, who will tell you all and even more than you want to know in regard to the picturesque surroundings.

There are many other attractive spots to visit, but those mentioned are all that can be seen to advantage in one brief visit. The price of a horse and carriage for a few hours' ride will not be found as high as has been reported by irresponsible newspaper writers; and if the visitors can afford this luxury, they should, without fail, avail themselves of it. The locations of the drives will readily present themselves. If sufficient time is afforded, a visit should be paid to Purgatory, Paradise and the Hanging Rocks; but these localities are out of the city limits, and are of minor importance compared with those which can be seen with a great deal less trouble. An opportunity is offered by the Continental Steamboat Company to leave the place several times a day — twice in the morning and twice at night — stopping at the various resorts on Narragansett Bay, Rocky Point in particular. An opportunity is also offered by the Old Colony Railroad Company to leave the place four times per day for Boston and elsewhere, and connecting twice a day or more with trains running to Providence from Fall River. There are two ways of going to New York, viz.: via Wickford and also via the boats of the Old Colony Steamboat Company, which, during the season, leave the head of Long wharf Sunday, as well as other nights.

J. A. & R. A. REID'S RAILROAD TIME TABLES AND HANDY REFERENCE-BOOK. Monthly. Per year, $1.50. Single Copies, 15 cents.

Charles C. Van Zandt is one of the Directors. From the 149th annual report it is learned that the whole number of books in the library was 22,566. It is a private institution, but always *free* to those who are introduced. It is designed, in a great degree, as a library for consultation, and hundreds of eminent persons who may be found here in the summer season resort to it for aid on the subjects which they are investigating. They do not desire to take the books away with them, and for the purpose referred to the collection is invaluable. The walls are hung with valuable paintings, and a number of pieces of fine statuary may be found, principally the gift of the late Edward King, Esq., who, together with his family, have been great friends of the institution. The heirs of the late Sidney Brooks, Esq., of Boston, have recently loaned the library the fine statuary formerly belonging to the latter.

Steam Carpet Beating Establishment,

POND AVE., COR. WARNER ST.

In connection with the Newport Laundry we have put up a patent Steam Carpet Beating Machine, by which the carpets are beaten on the back and brushed on the face. The dust and dirt, as fast as beaten out of the fabric, are removed from the compartment where the carpets are beaten, by an exhaust fan which also removes and carries out of the room any moth or other larva which may be beaten out of the carpet with the dirt and dust, so that there is no possibility of their settling back on the carpet.

PRICES FOR BEATING CARPETS.

Ingrain and Three Ply, -	5c. per yard.	Wilton, Velvet, Aubusson's,	6c. per yard.
Brussels, - - - - -	4c. " "	Axminster Moquet, -	7c. " "

A Special Price will be made to parties having 100 yards or more done at one time.

As the machine is under cover, carpets can be beaten in stormy as well as in pleasant weather. English and Rag Carpets will be washed for six cents per square yard.

Orders may be sent by mail, directed to the Newport Laundry, given to the driver of the Laundry wagon, or may be left with J. D. RICHARDSON, No. 212 Thames St., agent for Newport Laundry. Carpets called for and returned free of charge for cartage.

Mattresses cleaned and made over in the best manner at reasonable prices, and all work warranted.
